REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

1. The transmittal filed on March 2, 2004 for Request for Continuing Examination (RCE) under 37 CFR 1.114 has been established.

An action on the RCE follows.

The Information Disclosure Statement filed March 2, 2004 has been considered.

The prior references alone or in combination form do not teach nor suggest structurally similar compounds as those instantly claimed. The prior art references do not teach the combination of tri-substituted radicals for the pyridine N-oxide compound.

Accordingly, the claims are deemed patentable therefrom.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Zinna N. Davis whose telephone number is 571-271-0682.
